# What's in store?

## With Virgin Atlantic Flightstore

This month we're talking about why there's never been a better time to visit Turks & Caicos, the special fares we can create exclusively for cruise specialists, and the incredible joint venture between our partners Virgin Atlantic and Delta Air Lines®.

Joint Venture: New York

# Escape the ordinary

Delta is bringing  
the US closer than ever.

From beginning to end, Delta and Virgin Atlantic give your clients access to a seamless travel experience. In total, the airlines have over 40 daily direct flights between the UK and the US, depending on the season.

## Stretch out, settle in

Find an upgraded experience for your clients in Delta Comfort+®.

In addition to the benefits of a Main Cabin ticket, they'll have extra legroom, earlier boarding, deplaning and a dedicated overhead storage space, plus a pillow, blanket, and amenity kit on long-haul international flights.

## Take a bite out of the Big Apple

World-class food, wow-worthy architecture and much more; NYC offers so many unforgettable experiences. Take in plenty of tours, see a Broadway show or saunter past the bright lights of Times Square.

Between both airlines, there are now up to nine conveniently timed, daily direct flights to New York from London Heathrow.

Destination spotlight: Turks & Caicos

# Take off to Turks & Caicos

Their tranquil paradise is just a flight away

Hiding at the southern tip of the Bahamas is Turks and Caicos, a chain of 40 coral-fringed islands and the Caribbean’s best-kept secret. The Turks are to the east, including Grand Turk and Salt Cay, while the Caicos are in the west, the main one being Providenciales.

Boasting some of the world’s best beaches, spectacular coral reefs and neon-hued water, these largely untouched islands ooze lie-on-the-beach luxury with a distinctly tropical taste.

With Virgin Atlantic’s service ending on 21 February 2025, there has never been a better time to book their dream winter sun getaway.

Direct flights to Turks and Caicos - only 10 hours away!
